

DRESS UP FOR NEW YEAR'S EVE

Do you like New Year's Eve?

Do you like to dress up?

Then dressing up and celebrating the New Year is for you.

You might be going to a New Year's Eve party and want to wear something smart or glamorous. You might be going to a dress up party. You might be celebrating at home with family. Or you might be having a special pyjama night.

However you choose to dress for New year's Eve on December 31st, here are a few tips to getting the look just right.

You can create your outfit or costume at home using clothing or items from around the house. Just make sure to ask first before you borrow something.

You might use clothing from your own wardrobe or from another member of the family.

You might make a costume using fabric, an old sheet, old towels, fabric markers, paint, stickers, cardboard, ribbon, foam, or old clothes such as shorts, leggings or a t-shirt. You might make a mask, a hat or wear a themed t-shirt.

Maybe you have a costume already—so you might like to wear that.

You can even get creative with makeup, wigs and props and have a photobooth.

Maybe other members of the family would like to get involved and dress up too!

If you would like to, you can submit a photo of yourself in your outfit to our [Kids Club Online Gallery](#).
