Learning Community Strategy 2024-2029 - Phase 1

Phase 1 of our engagement is complete!

Phase 1 - Community consultation for the evaluation of current Learning Community Strategy 2018-2023 closed in March.

A first round of consultations evaluating the current Learning Community Strategy sought to understand the community's support for the themes that would guide learning in Wyndham City into the future.

It found that through its Learning Community Strategy Wyndham City is effective in promoting lifelong and life-wide learning, fostering partnerships, and providing a roadmap for an equitable, inclusive, and innovative learning community.

It also found that the next strategy should align with other Council plans, engage with the First Nations Community, focus on language, literacy, numeracy, and digital literacy, and respond to changes that will shape the future in the fastest growing local government area in Australia .

Wyndham City Council recognises Aboriginal and Torres Strait Islander peoples as the first Peoples of Australia. We acknowledge the Bunurong and Wadawurrung Peoples as Traditional Owners of the lands on which Wyndham City operates. The Wadawurrung and Bunurong Peoples have and always will belong to the Werribee Yalook (river), creeks, stars, hills and red clay of this Country. We pay respect to their Ancestors and Elders who always have, and always will, care for Country and community today and for future generations.
