

**What you need:**

- Paper
- Pencils/textas
- Glue
- Blu Tack

**What to do:**

1. This is a great project to carry out with a group of people. Everyone can trace around their hands on paper.
2. Decorate the hand prints. You can draw patterns or colour them in festive colours like red, orange and yellow. Cut all the hand prints out.
3. Draw a large dragon head or print out the image on the next page. Colour this in and cut out.
4. Stick the dragon head on a wall or door using Blu Tack or something similar. Stick all the hand prints up to create the body of the dragon.

Show us what you have made on the [Kids Creations Gallery](#).
