### Acknowledgment to country

Wyndham City Council and Wyndham Community & Education Centre recognise Aboriginal and Torres Strait Islander peoples as the first Peoples of Australia. We acknowledge the Bunurong and Wadawurrung Peoples as Traditional Owners of the lands on which Wyndham City operates. The Wadawurrung and Bunurong Peoples have and always will belong to the Werribee Yalook (river), creeks, stars, hills and red clay of this Country. We pay respect to their Ancestors and Elders who always have, and always will, care for Country and community today and for future generations.

## Welcome to the Wyndham Learning Festival!

The Wyndham Learning Festival is Wyndham's largest annual learning event, brought to you by the community, for the community.

The Festival promotes, highlights, and celebrates lifelong learning by encouraging the community to get out and try new things in both formal and informal learning settings.

The Festival has a range of free activities for all ages and interests, promoting learning for all and welcoming new events, sponsors, and participants to reflect this diverse and dynamic learning community.

## About the Wyndham Learning Festival

The Wyndham Learning Festival emerged from Wyndham City Council's Learning Community Strategy 2018-2023, and continues to feature in the current Learning Community Strategy 2024-2029. Wyndham Community & Education Centre with commitment and support from Wyndham City Council and partners, is proud to bring this exciting learning Festival to the community of Wyndham and beyond. As collaborators on the delivery of the Festival, we share a passion for learning and recognise the far-reaching social, economic, environmental, and cultural benefits of promoting lifelong learning.

The Wyndham Learning Festival takes place 1-7 September annually in various venues throughout Wyndham, making it easy for attendees to engage with learning opportunities in their own local communities.

We are thrilled to celebrate Wyndham's 10th Learning Festival, a milestone that highlights a decade of fostering curiosity, creativity, and lifelong learning in our community! This incredible Festival brings people of all ages together to explore new ideas, share knowledge, and connect through diverse activities. It's a testament to Wyndham's commitment to becoming a vibrant Learning City, and we can't wait to join in the festivities and make this year's celebration unforgettable!

## Why Celebrate Learning?

Learning Festivals, such as the Wyndham Learning Festival, are important because they provide community members with a chance to celebrate learning and engage in learning events to expand their knowledge, skills, and interests.

The aim of the Festival is to bring people together through learning, to inspire the community to try something new and to promote lifelong learning to all age groups: Early Years, School Years, Young Adults, Adults & Seniors. Research shows us that learning keeps us healthier, wealthier, and happier. A learning community is more resilient, can adapt to change quickly, has increased ability to apply new skills, and has confidence to take advantage of opportunities.

Did you know that Wyndham is a UNESCO Learning City? In 2019, Wyndham was invited to join the UNESCO Global Network of Learning Cities. Then in 2021, Wyndham was honoured to receive a UNESCO Learning Cities Award for significant progress in enhancing lifelong and life-wide learning. The Wyndham Learning Festival was recognised as an important part of this Award.

## Wyndham Learning Festival Goals

The Wyndham Learning Festival adapts to local and global challenges each year, offering a range of opportunities that meet the needs, interests, and aspirations of the diverse community of Wyndham.

The theme for the Festival changes each year to reflect the local community.

We are thrilled that 2025 will be the 10th anniversary of the Festival, with the theme 'A Decade of Discovery: Celebrating 10 years of Learning'.

## UN Sustainable Development Goals

The UN Sustainable Development Goals (SDG's) are the blueprint to achieve a better and more sustainable future for all. They address the global challenges we face, including poverty, inequality, climate change, environmental degradation, peace and justice.

Wyndham Learning Festival events seek to address as many of the 17 SDG's as possible to improve the lives of global citizens no matter their age, ability, interest or socio-economic status. You can read more about the SDGs here:
