

Recycled Artwork

What you need:

- Paper
- Old magazine/newspaper/junk mail pages
- Glue
- Scissors

What to do:

1. Choose what animal you would like to be the main focus of your artwork. Draw the outline on paper or print out one of the animal silhouettes from the next pages. Cut the animal out.
2. Cut the pages into thin strips. Glue these onto the animal silhouette until it is covered. Trim the paper that overhangs the edge.
3. Stick the finished animal onto another piece of paper. Draw a background for your animal if you want.

Show us what you have made on the [Kids Club Online Gallery](#).
