

Fluffy Easter Bunny

What you need:

- Paper plate
- Cotton balls
- Glue- strong glue like PVA works best
- Paper
- Scissors
- Chenille sticks for whiskers
- Pom pom for the nose

What to do:

1. Cut the outside rim off the plate, so it's a flat surface. Using glue, cover the plate with cotton balls.
2. Glue on the eyes. Cut the chenille sticks shorter to make whiskers and glue these on in the middle. Glue the pom pom over the top. This is the nose.
3. Cut out ears from paper and stick the edges onto the back of the plate.

Show us what you have made on the [Kids Creations Gallery](#).
