

# Rainbow Paper Heart

## What you need:

- Coloured paper. I used 6 different colours
- Ruler
- Scissors
- Stapler
- Pencil

## What to do:

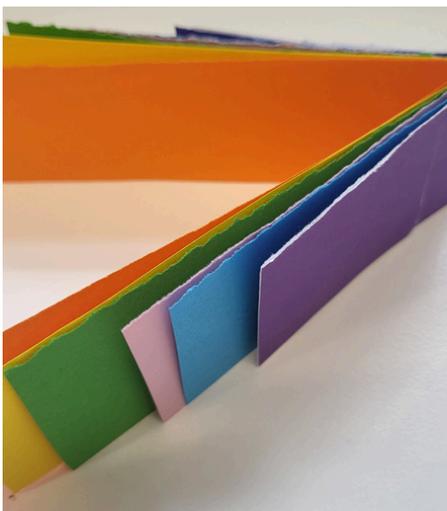

1. You will need a few different coloured strips of paper. I used a ruler and cut the strips out.

2. Each strip needs to be a different size, so cut each one a little shorter than the last. Fold all strips in half.

3. Layer the paper up starting with the longest strip, to the smallest strip on the outside. Staple the ends together.

4. Now fold each piece of paper down to make a loop for the heart shape. Leave the longest piece alone (that is the orange paper in my pictures) . Staple the ends together again. Repeat on the other side.

5. Using the last piece of paper that you did not staple with the rest, stick the ends together to make a hanging loop.

Show us what you have made on the [Kids Creations Gallery](#).
